## NEW TOWN WEBSITE & STRASBOURG CONNECT

The Town's upgraded website [www.townofstrasbourg.ca](http://www.townofstrasbourg.ca) is now up and running! We are excited to share a handful of new features with you.

**1. Strasbourg Connect** - This is a new mass notification system where the Town can send out notices by text, email, and/or phone call (you choose how you would like to receive notices). We strongly encourage residents to sign up for this free service. Notices can range from boil water advisories, rescheduled garbage/recycling pickups, newsletters, etc. We will also send out digital copies of the Strasbourg Spotlight through Strasbourg Connect - we encourage both residents and non-residents to sign up for that as well!  
<http://www.townofstrasbourg.ca/strasbourg-connect>

**Strasbourg Connect**

Register to receive important notifications and updates!

**2. Interactive Business Directory** - We have an upgraded, interactive business directory that is tied to Google Maps. While we have some of the businesses inputted into the directory, we are looking for more. If you would like your business advertised free of charge, please contact us. We would like updated contact information, business hours, and pictures. If you currently have a listing and want information changed, please let us know!  
<http://www.townofstrasbourg.ca/business-directory>

**3. Economic Development Dashboard** - This is a new feature that allows us to track our local economic trends, as well as gives insight for future development for the community. <http://www.townofstrasbourg.ca/economic-development>

**4. Volunteer Organizations & Clubs** - We are trying to keep the most up to date information on volunteer organizations and clubs in the community. If you have updated info, contact information, or pictures that you would like to share, please email us at [strasbourg@sasktel.net](mailto:strasbourg@sasktel.net) to ensure all your information remains current.

**5. New Photos** - We are looking for new photos to show off our beautiful community! We'd love to feature them on the website and we will give you the photo credit. Please email [strasbourg@sasktel.net](mailto:strasbourg@sasktel.net) if you have any you are willing to share.

We will be continually making upgrades and adjustments to the Town website so that it continues to be the comprehensive source of information for all things Strasbourg!

Over time the United Church has been seeking equality and justice for all. One of the ways was to ordain its first woman in 1936, Lydia Gruchy from Strasbourg, Saskatchewan. The church is known for being open and welcoming to all. Our vision for the future is that we shall remain a church committed to Deep Spirituality, Bold Discipleship, and Daring Justice.

On **June 8**, you are welcome to join the Strasbourg United Church in a **worship service celebration** in the **Lions Park at 10:00 a.m.** Lunch will be served. The Recreational Program relies solely on donations to provide programs, entertainment, and all the things that they do to keep the residents engaged and active.

The Foundation also funds the mobility bus at an approximate cost of \$2,700.00 per year. Having the bus allows residents to go on outings that otherwise would not be possible.

# STRASBOURG EMERGENCY MEASURES ORGANIZATION

## EMO Day - May 3, 2025

Strasbourg's Emergency Management Organization (EMO) hosted its first ever Emergency Preparedness Day on May 3rd at the Strasbourg Memorial Hall, to kick off the 2025 Canadian Emergency Preparedness Week (May 4 – 10). The day was sponsored by FireSmart Canada with a \$500 grant, to help inform our communities of the risks from wildland fires and ways to make communities safer and more resilient. The event featured multiple presentations, displays, prize draws and a fundraising BBQ lunch by the Strasbourg & District Fire & Rescue (SDFR) in support of their efforts to build a new fire hall that can fit the larger trucks required as SDFR replaces older (smaller) equipment.

Invitations were posted on every home in Strasbourg and all the Regional Emergency Management Committees from our municipal partners in the Living Sky Regional Emergency Management Organization were invited to attend. Over 100 residents of our Town and Region, and their children, came out to interact with the presenters and their displays, and play with special guest Sparky the Fire Dog.

Strasbourg Mayor Kelvin Schapansky kicked off the presentation portion of the event with greetings from the Town.

- Kelvin and SDFR Chief Greg Yung then accepted a \$500 donation from Razzle Dazzle Thrift Store representative Marilyn Labette towards a new LUNAR camera for SDFR firefighting and rescue operations.
- Saskatchewan Public Safety Agency (SPSA) personnel spoke on the FireSmart program and the opportunities available to make our homes and communities more resistant to wildfires. Their display booth distributed information specific to homeowners (also available at [www.firesmartcanada.ca](http://www.firesmartcanada.ca)). SPSA also presented on their new Evacuation App, an online tool available to assist communities with alerting residents and managing tracking of evacuees, well as other resources available through SPSA in a declared emergency.
- Marj Mohr from Strasbourg EMS thanked the residents, businesses and municipalities of our region for the donations that allowed Strasbourg EMS to purchase a LUCAS machine. Marj and her crew explained and demonstrated the LUCAS machine, which can provide CPR and monitoring to a patient without tiring, allowing the ambulance crew to spend more time on patient care.
- Salvation Army representatives Major Ed Dean and Craig Broadhurst drove in and displayed two of the (many) service vehicles they have available to respond to a local emergency. Craig gave a presentation on the different equipment and trained personnel the Salvation Army can bring to assist, everything from Mobile Command Centres to Commercial Kitchens on wheels.
- SDFR Chief Greg Yung spoke to the capabilities of the SDFR, and SDFR members brought over their Fire Trucks and provided tours to attendees.
- Strasbourg EMO Coordinator Bernie Josephson thanked all our presenters and guests, and described some of the current ways the Town is prepared for emergencies, including our Water Plant emergency generator and the new emergency generator hookup at the Memorial Hall to provide power for a warming centre in case of a complete winter power failure.
